AMERILUBE ATP-AF

AMERILUBE ATP-AF - Air Tool Protector is a super premium, synthetic air tool lubricant. It is made from advance technology synthetic base and blended with the finest additives to provide maximum lubrication, cleaning, and protection for modern air tools.

AMERILUBE ATP-AF - Air Tool Protector is specially formulated to work at very low temperatures. It removes water and deposits while it cleans stuck air tools and provides outstanding service in even the most severe operating conditions.

- Outstanding Oxidation Stability
- Excellent Water Absorption
- Very Good Resistance to Freezing
- High Flash & Auto-Ignition Points
- Very High Film Strength
- Excellent Coolant Properties
- Excellent Cleaning Properties
- Superior Penetrating Ability
- Excellent Rust Control
- Carbon and Varnish Control
- Energy Savings
- Reduced Maintenance Costs
- Reduced Lubricant Consumption
- Excellent Lubricating Ability at Very Low Temperatures

Typical Properties

Lubricant Designation	ATP-AF
Viscosity Index	127
Viscosity cSt @ 40 °C	22
Viscosity cSt @ 100 °C	4.6
Viscosity SUS @ 100 °F	106.3
Viscosity SUS @ 212 °F	41.4
Flash Point °F	305
Auto-Ignition Point °F	598
Pour Point °F	-55
Oxidation Stability	4000
Color	Amber
Copper Corrosion, 24 Hr	1a
Rust Test	No Rust
